

For the award year 2022-2023, the repair or replacement of a device acquired under the Allowance for Special Needs Program is only intended for students attending the following types of educational institutions:

- Vocational Training
- Private unsubsidized colleges
- Adult Education
- Universities outside Québec

If you attend any of the following educational institutions, you should instead contact the person in charge of integrating handicapped students at your school:

- Public colleges
- Private subsidized colleges
- Government schools in Québec
- Universities in Québec

This form must be filled out by any student who needs to have repaired or replaced equipment acquired under the Allowance for Special Needs Program.

General Information

The coverage provided by the manufacturer’s guarantee takes precedence over any authorization for the repair or replacement issued by Aide financière aux études (AFE). Consequently, before filling out this application, you must be sure that the equipment repair or replacement is not covered by the manufacturer’s guarantee or that the guarantee is expired.

Costs related to the repair or replacement of equipment (computer or assistive communications device) are only paid if the equipment was acquired under the Allowance for Special Needs Program. However, AFE must have given prior authorization for the repair or replacement.

Note that costs incurred to obtain an estimate are not reimbursed by AFE.

If the equipment cannot be repaired or if the estimated repair cost exceeds 60% of the initial purchase cost or the current replacement cost, an estimate for the replacement of that equipment must be provided.

Within 60 days of receiving the requested amount, you must send AFE the invoice (must be stamped “paid” by the supplier) confirming payment of the repair or purchase.

The student may request repair or replacement of a device. The cost of the repair or replacement is only reimbursed **once in a lifetime**.

Computer

The cost estimate for repairing a computer must be performed by the dealer that sold the computer, in accordance with the guarantee attached to that item. If the guarantee is not applicable, the estimate may be performed by another dealer.

Once authorized by AFE, the repair must be performed by the dealer that did the estimate.

Please note that repair or replacement does not apply to additional computer peripherals such as the monitor, mouse or printer.

Assistive communications device

The cost estimate for repairing a assistive communications device must be done by the technical assistance service of the rehabilitation centre.

Once authorized by AFE, the repair must be performed by the same technical assistance service.

Procedure

To apply for the authorization of equipment repair or replacement, you must have filled out beforehand the *Application for a Special Needs Allowance* online form, which is available on the AFE Web site at Quebec.ca/student-financial-assistance. You must have filled out that form even if, for the current award year, you are not applying for a special needs allowance relating to any of the types of assistance available (e.g. specialized services, material resources, paratransit or special needs housing).

If you filled out the *Application for a Special Needs Allowance* online form for the current award year, but you did not request an allowance for any of the types of assistance available:

Send this form, duly completed, and the transmittal slip provided at the end of the *Application for a Special Needs Allowance* online form to the address indicated at the bottom of the page.

If you filled out the *Application for a Special Needs Allowance* online form for the current award year, and you requested an allowance for any of the types of assistance available:

Send this form, duly completed, to the address indicated at the bottom of the page. If you have not yet sent a *Recommendation on Types of Assistance Required* (1088) form, have one filled out by the person responsible for integrating disabled students at your educational institution and send it to the same address.

Section 2 – Information relating to the application for a special needs allowance

To apply for the authorization of equipment repair or replacement, you must have filled out beforehand the *Application for a Special Needs Allowance* online form.

Please check the box that corresponds to your situation (You are required to have section 3 below filled out by an authorized person with the financial assistance office of your educational institution.):

- I have filled out the *Application for a Special Needs Allowance* online form and requested an allowance for one of the types of assistance available.
- I have filled out the *Application for a Special Needs Allowance* online form, but I did not request an allowance for one of the types of assistance available.

Section 3 – Confirmation of school attendance

This section must be filled out by an authorized person with the financial assistance office of your educational institution.

Please specify the level of education corresponding to the studies pursued by the student and provide the information requested. You must then fill out section 3A or 3B of this form.

Regular path

- Private unsubsidized college Pre-university studies
- Technical training
- University outside Québec Undergraduate, graduate, postgraduate

Continuous path

- Secondary level Adult education
- Vocational training (DVS)
- Vocational training (AVS or STC)
- Private unsubsidized college Pre-university studies (accelerated DCS)
- Attestation of college studies (ACS)
